Subject: Panoramic Stereo Experiment  
[REDACTED] Project 9039

STATINTL

Dear Myron:

Attached are three copies of a letter report for the above project, describing work performed through May 16.

STATINTL

We appreciated the opportunity of demonstrating the panoramic stereo equipment to you and your associates last week. We are preparing a brief final report, describing work done under the project and touching on questions of interpretability, and will forward it to you shortly.

Sincerely yours,

[REDACTED]  
STATINTL
